

Fixed UVSS

MODEL NO: UVS320-PFC

UVS320 adopts the most advanced area scanning technology, it is designed for places where have high security requirements, like government, military, custom, etc.

Features:

- Fixed usage
- Color Area Scan technology
- Capture even at speeds up to 60km/h
- High resolution imaging up to full 4096p
- No limits on the length of a scan
- All-in-one ground camera solution, no need expensive server
- All weather conditions for the harshest environments
- Adopt the advanced intelligent camera, encoding all completed images by camera itself
- Dual-direction scan

Specifications:

Performance	
Capture Accuracy	> 99.9%
Speed Limit	0 ~ 60km/h
Intelligent Analysis	Auto
Height of Vehicle Chassis	50 ~ 3000mm
Width of Vehicle Chassis	≤ 4500mm
Length of Vehicle Chassis	No limit
Imageing Time	< 1s
System Extension	NPR & Face Recognition

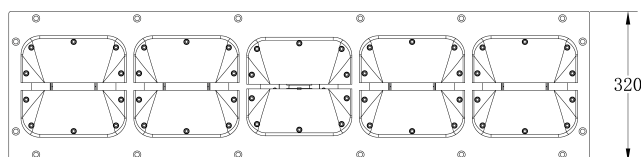

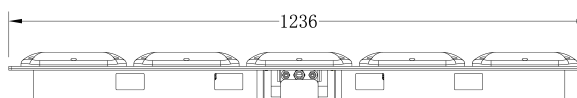

Camera	
Sensor Resolution	4096P
Image Resolution	≥ 10000 x 4096
View Angle of Lens	> 170°
White Balance	Auto
Exposure	Auto

Electrical	
Power Supply	DC24V/150W

Network	
Speed	Gigabit Ethernet
Protocol	IPv4

Constructions	
Dimensions	1236mm x 320mm x 105mm
Weight	46kg

Environment	
Operating Temperature	-40 C ~+70 C
Protection level	IP68

Bluestream Technology

Address: Room401 No.4 Building, zhejiang sheng dianzi jishu yanjiusuo, No.6 Cuibai Road

Xihu district, Hangzhou, Zhejiang Province, China
